Jim Warren is one of the most successful & versatile artists in the world today!

From the wild & whimsical to the sweet & sensuous, for over 35 years Jim Warren has been painting his way into the hearts and minds of people the world over. Already considered a "living legend of the art world", Jim continues to surprise and amaze.

His versatility ranges from his unique portraits for celebrities, CEO's and families, to his illustrations (from the 1980s) for books, movies and album covers, most notably his Grammy award winning artwork for Bob Seger's 1981 album "Against the Wind". His fine art oil paintings and limited edition giclee prints are currently featured in some of the top galleries in the world, most notably the Wyland Gallery chain in Florida, California, Hawaii, Las Vegas and other locations (View many of these in the FINE ART CATALOG).

Jim has overseen the making of this site and all personal mail to Jim will be given to him for a response when possible. Join our mailing list to receive the latest MEET THE ARTIST show schedule, as well as other surprises and updates straight from the studios.
